Getting Around, Taking Precautions

If traveling from Zagreb via Karlovac and down through Knin you will cross the region known as Lika. This is a mountainous stretch through which runs the length of the Mala Kapela hills. There is a lovely section of national park known as Plitvice Jezera. At the center of the park is the Hotel Bellevue and if you get in trouble on the road or run into inclement weather, it is a good place to hole up. It is, however, pricey. Primary villages along this route include Slunj, Plitvice, Udbina, and Gracac. Between them is little or nothing.
